PLEASE SIGN IN AT THE FINISH LINE BEFORE MAKING YOUR WAY TO YOUR POSITION. Your role at this trail marshal location is to direct walkers to turn right onto Sir Samuel Griffith Drive after exiting the Reservoir Trail. You must direct them to stay on the foot path on the right hand side of road as they walk down towards the crossing point into Summit Track where they will be assisted to cross the road by the trail marshals 100m down Sir Samuel Griffith Drive from your position. They have walked up their last hill at this point and it is downhill all the way to the finish.

Don’t forget to bring a hat, sunnies and wet weather gear. Feel free to bring a folding chair to sit on. Have fun! Please really encourage the walkers on their journey!

ACCESS INFO
Drive from: The FINISH
Distance: 3.5km (By Car)
Estimated Time Required: 6 Mins
Nearest Toilets: Mt Coot-tha Lookout
Parking: Sir Samuel Griffith Drive

EQUIPMENT
If you are volunteering the last shift at this location please return all Equipment & Vests to The Finish once Sweep Team has passed you.

Marshals are positioned at trail locations where walkers are likely to make a mistake and at key road crossings to alert Oxfam Trailwalker participants that they are approaching such a crossing. At road crossings you should ensure you are at least 3m away from the side of the road but easily visible to participants. You must not interact with road traffic at all. You should be aware that walkers/runners experiencing fatigue are potentially less likely to negotiate the timing of road crossing than walkers under no duress.
Directions to The Finish

The Finish is near to the Brisbane Botanic Gardens. Driving past the gardens continue along Samuel Griffiths Drive, past junction on left towards lookout and then turn left into JC Slaughter Falls after another 300m.

Directions from the FINISH to Trail Marshal Location 15

Depart the Finish, turn right onto Samuel Griffiths Drive, then right again towards lookout. At roundabout continue straight on and your location is 100m after the roundabout.

HOW TO OPERATE THE RADIO:

Some marshal locations will be provided with a 2-way radio to assist in managing the marshal site and to maintain contact with your nearest checkpoint. The following instructions will provide you with the basics you need to operate the radios.

STEP 1: Turn radio on
STEP 2: Check channel is switched to ‘Channel 1’
STEP 3: Adjust volume to suit
STEP 4: Depress the ‘Push To Talk’ (PTT) button to talk
STEP 5: Release PTT button to listen to response

It's that easy!

NOTE: These radios are very expensive items so please take special care whilst they are in your care. Each radio is allocated to a specific marshal site via the radio's unique serial number which allows us to track them should they go missing.

SHIFT PATTERN 2014

Shift 1
Fri 5.30pm – Sat 1.00am

Shift 2
Sat 12.30am – Sat 8.00am

Shift 3
Sat 7.30am – Sat 2.30pm

Shift 4
Sat 2.00pm – Sat 7.30pm

Shift 5
Sat 7.00pm – Sun 1.00am

Shift 6
Sun 12.30am – Sun 8.30am
